Jo's Quick Guide To:

Language Skill Needs Chart

To begin, you will need:

- A class list
- Results of any interviews or proficiency test for your ELL students

Instructions:

- List each student by their name.
- For each student, rank their proficicency for each language skill: 0 = non-fluent, 1 = limited fluency, 2 = fluent
- Make any notes or comments about each student's abilities or needs.
- Calculate the totals for each language skill, the lowest result will be your language skill focus.
