Maxima Reflection Questions

Maxima Reflection Questions

- I. What math and/or science content knowledge do I expect the students to learn during this activity?
- II. How is/was the activity multicultural, gender inclusive and social constructivist (STC)?
- III. How can I assess students so that I know that I and II were met?
- IV. If I, II and III were not met, how will I change this activity and/or my approach next time to ensure that they are?
